

Continuous Motion Platform

Grauel Continuous Motion Platform:

Products: Syringes, tubes, vials, dosing pipettes, aerosolve valves, etc.
 Diameters: Approx: 3 mm up to 50 mm
 Speeds: 100 - 750 parts per minute

Technology Overview:

Feeding: Vibratory-, roller- centrifugal feeders
 Pre-treatment: Corona, plasma, flame
 Printing: Offset, rotary pad print, flexo, laser marking, inkjet
 Curing: UV or IR radiation
 Inspection: Vision, leakage, dimensions inspection
 Process: Assembly, capping, screwing, packaging
